Paper Abstract (no more than 250 words):

--

Please indicate if you would like this paper to be considered for inclusion in one of the following panels. These panels are being organized by EastBordNet members who have participated in work groups focusing on these themes over the last two years (see www.eastbordnet.org for details)

Panel	Brief Description	Yes/ No
Borders	Concepts of border; studies particularly focusing on border	
Travel, Exchanges, Translations	Border crossings, migration, interactions, conversions	
Difference and Inequalities	The separations that borders generate	
Documents, Techniques and Technologies	All technical, bureaucratic, legal, procedural aspects of borders	
Eastern Peripheries	Concepts of east, eastern, periphery, margin, etc.	
Money	Material aspects of border relations – exchange, finance, markets, currency, etc.	
Gender and Sexuality	How gender and sexuality become involved in border	
Time: Pasts and Futures	Any aspect of time involving borders	
None of the above: please consider the paper for an independent panel	If you have no particular preference, or would prefer to be considered for a panel on different themes, tick this box	

Equipment Requirements:

Data Projector & Laptop
(please note that we cannot support macintosh machines)

Other (DVD, CD, Video, Sound etc)

Please return this form BY JULY 30TH 2010 to: costconference@manchester.ac.uk
